---	----------------	--

Copies of maps, documents, graphs or special work may be furnished upon the payment of the cost of printing and preparation. For such items for which a regular established price is unavailable, the Department Head, in collaboration with the Financial & Administrative Services Director, may establish a price consistent with the cost of printing and preparation thereof. The Financial & Administrative Services Director shall report such exceptions to the City Manager. It shall be the responsibility of the City Manager to review such costs annually and make such recommendations to the City Council as required to keep charges consistent with actual costs.

The City Council may waive processing or appeal fees for any private or public agency on a case-by-case basis. In the case of an appeal by a public agency or school district, no fee shall be charged until the City Council considers the appeal matter itself and renders a decision on the waiver of the fee after the entire appeal matter has been heard.

Note: Projects equal to or in excess of \$50,000,000 in total value will qualify to be considered for inclusion in the City's pilot program utilizing Time-and-Material charging/billing methodology for Development Services activities; this program encompasses all Departments and all fees for projects in the program. For more information on this pilot program please contact the City Manager's Office.

Land Development Division Deposits will be valued at one-quarter of the fee that would typically be charged for plan check or inspection services.
