---

Jessie & Mayra:

This email confirms that the Rancho Belago Estates project was submitted in July 2025, with its NOP quickly going out on July 28, 2025.

For the planning staff, yes, the project scope was made known after the February 25, 2025, cutoff date.

I am the assigned case planner. The first time I knew of the project was when the applicant reached out to the Planning Department for a list of the required applications that they would have to submit for entitlements. This was in mid-July 2025. To the best of my knowledge, no one else in the Planning Department knew of the project until the application was filed.

Kind regards,

Danielle
