I. INTRODUCTION

A. DESCRIPTION OF PROCEEDINGS

The City Council of the City of Moreno Valley, acting in its capacity as President and Members of the Board of Directors for the Moreno Valley Community Services District ("CSD Board"), formed Community Facilities District No. 1 ("District") pursuant to the provisions of the Mello-Roos Community Facilities Act of 1982. The City requires property owners of new development projects to mitigate the increased costs on parks located within the District by providing an ongoing funding source for maintenance of the park facilities. The District was formed on July 8, 2003 to provide the residential development community with a tool to provide this ongoing funding. Residential developers electing to use this tool authorize the City to levy a special tax onto the property tax bill of properties within the development project. A summary of the actions taken in the formation of the District is listed below.

B. THE DISTRICT

The District funds the continued maintenance and/or repair of Parks and Park Improvements and all the effort by Park Rangers that is devoted to the maintenance of the Parks and Park Improvements and public safety, as defined in the Rates and Method of Apportionment ("RMA"), of those facilities included within the District.

i. BOUNDARIES OF THE DISTRICT

The original boundaries included five tracts identified by parcel numbers in Appendix C of the June 2003 Community Facilities District Report, prepared by Albert A. Webb Associates. Following the Public Hearing on July 8, 2003, the CSD Board amended the May 27, 2003 boundary map to delete two of the five identified tracts, Tentative Tracts 30708 and 29857. Tentative Tracts 31050, 30998, and 30924 formed the original District, which included 154 dwelling units. In December 2004, Tentative Tract 30708 annexed into the District as part of Annexation No. 2004-5. Tentative Tract 29857 may be annexed into the District in the future. The parcel associated with Tentative Tract 30998 was later acquired by the Moreno Valley Unified School District and is now exempt from the special tax under the RMA, adjusting the original parcel count of the District to 107 parcels.

ii. BOUNDARIES OF THE FUTURE ANNEXATION AREA

The future annexation boundaries include the balance of the area that was included within the City's boundaries, as of the date of the map approval.

iii. ANNEXATIONS

As a requirement of development, single-family and multi-family residential projects were approved on the condition the property owner would provide a funding source to support the operations and ongoing maintenance of certain park facilities within the District. The qualified elector (i.e. landowner or registered voter, depending on the number of registered voters) could annex into the District and authorize the levy of the annual special tax on the property tax roll of the property or fund an endowment to cover the ongoing obligation for the project. The endowment option was never selected. A list of developments whose parcels annexed into the District is included in Appendix A.

CFD 1 does not include a rate for non-residential development projects. Park facilities constructed as part of a non-residential project (e.g. trails) do not have a revenue stream to fund the ongoing maintenance and operations. In efforts to keep pace with the increases in the costs to maintain park facilities while providing a funding mechanism for all development types, staff formed a new Community Facilities District known as CFD No. 2021-01 (Parks Maintenance). This new district will be available for use by all development project types and establishes a special tax rate based on the projected addition of new park facilities and increased maintenance costs related to those facilities. All future projects conditioned to provide funding for park facilities will fund CFD 2021-01.

iv. DESCRIPTION OF SERVICES

Revenue received from the special tax can be used to fund the District's park improvements as further described below:

"Parks and Park Improvements" means Parks and Park Improvements which are to be developed, constructed, installed, and maintained within and in the area of the District and which will be owned and operated by the District for the benefit of the residents of the District.

"Services" means the maintenance and/or repair of Parks and Park Improvements, including, but not limited to, the planting, replanting, mowing, trimming, irrigation and fertilization of grass, trees, shrubs, and other ornamental plants and vegetation, the operation, maintenance, repair, and replacement of irrigation systems associated with Parks and Park Improvements, and all the effort by Park Rangers that is devoted to the maintenance of the Parks and Park Improvements and public safety.

II. DISTRICT FUNDED PARK IMPROVEMENTS

The park facilities included in the District that can be maintained in whole or in part through revenue collected from the levy of special taxes are listed below.

III. COMPUTATION OF THE SPECIAL TAX REQUIREMENT

The City is authorized to levy the special tax consistent with the RMA, which was approved by the legislative body and the qualified electors of the District. The special tax requirement includes the costs for maintenance and operation services of District facilities, administrative expenses, and replenishment of the contingency reserve fund for each year. Other available revenues are considered when calculating the special tax and may be used to offset the annual special tax requirement.

A. ANNUAL ESCALATION FACTOR

On each July 1 following the year the tax rate areas were established ("Base Year"), the maximum special tax rate shall be increased by the greater of the increase in the annual percent change in the Consumer Price Index (CPI) or two percent (2%). The CPI is based on the Department of Labor, Bureau of Labor Statistics, Regional Consumer Price Index for all Urban Consumers for Los Angeles-Long Beach-Anaheim.¹ The Maximum Special Tax Annual Adjustment is shown below in Table 6. Prior year escalators are available upon request.

B. MAINTENANCE AND OPERATION COSTS

The District will provide, to the extent funds are available, the ongoing maintenance of park improvements and all efforts by the Park Rangers associated with facilities identified in Section II. Services are defined in Section I.B.iv.

C. ADMINISTRATIVE EXPENSES

Administrative expenses are those directly related to the administration of the District. They include, but are not limited to, costs related to the City's general administrative services, overhead for personnel support, building and maintenance, insurance, CSD Board support, City Manager support, purchasing, and communications.

D. RESERVE FUND

Consistent with the RMA, a contingency reserve can be established in an amount equal to ten percent (10%) of the estimated costs of providing the Services and estimated Administrative Expenses for any fiscal year to provide for the payment of unexpected costs, which may be incurred during the fiscal year.

¹ In January 2018, the Bureau of Labor Statistics introduced a new geographic area sample for the CPI. Riverside, CA, which was previously included in the Los Angeles-Riverside-Orange County, CA MSA (Metropolitan Statistical Area), will now be included in a separate CBSA (Core Based Statistical Area) and will be considered a new index named Riverside-San Bernardino-Ontario, starting at 100.000. The Los Angeles-Riverside-Orange County, CA index was renamed "Los Angeles-Long Beach-Anaheim". Because the CPI approved by the qualified electors was the Los Angeles-Riverside-Orange County index, and it was renamed and not eliminated, CSD General Counsel determined the District would continue to use the Los Angeles-Long Beach-Anaheim index.

E. SPECIAL TAX REQUIREMENT

The Special Tax Requirement calculation is provided in the following table.

Table 4: Proposed Special Tax Requirement

SPECIAL TAX REQUIREMENT	
Personnel Services	\$ 879,632.00

Total Contributions/Transfers	\$ 59,921.64
TOTAL NET SPECIAL TAX REQUIREMENT	\$ 2,076,237.64
¹ Based on the CSD Board Proposed Budget.	

IV. SPECIAL TAX CALCULATION

A levy of special tax shall be collected annually at the same time and in the same manner as the ad valorem property taxes are collected and shall be subject to the same penalties and the same procedure, sale and lien priority in case of delinquency as applicable for ad valorem taxes; however, the CSD Board may use a direct billing procedure for any special taxes that cannot be collected on the Riverside County property tax bill or if necessary, may by resolution, elect to collect the special taxes at a different time or in a different manner to meet its financial obligations.

A. SPECIAL TAX RATE

The special tax rate per dwelling unit (DU) that can be levied by the CSD Board in any fiscal year is calculated using the Land Use Categories listed in Table 5 and the Special Tax Rate listed in Table 6.

Land Use Category	Description	Dwelling Units
1	Single-family Residential and Multifamily Residential	One / Residence or Residential Unit
2	All Other Property	Two / Acre

Table 5: Land Use Categories

In accordance with the RMA, property classified as commercial or industrial and publicly owned or dedicated property will be identified as exempt with regard to the special tax. The exemption also applies to sliver parcels, common lots, open space, or any other property that cannot be developed.

Table 6: Special Tax Rate

¹ Rates between ba	se year and data supplied	are on	file and availa	ible upon i	request

²The applied special tax cannot exceed the maximum special tax; amounts must be even numbers in accordance with County guidelines.

B. METHOD OF APPORTIONMENT

For each fiscal year, the CSD Board will determine the amount of the special tax to be levied to pay for (a) the estimated costs of providing the identified Services, (b) the amount estimated for Administrative Expenses, and (c) the amount required to fund or replenish the Contingency Reserve (collectively defined as the "Special Tax Requirement"). The special tax can be levied on all non-exempt parcels in the District, in an amount per DU, based on the Land Use Categories, up to the Special Tax Requirement. The amount of special tax to be levied on any parcel cannot exceed the amount calculated by multiplying the DUs for the parcel by the maximum special tax rate for the fiscal year.
