

The City of Moreno Valley has launched a transformative Parks Rehabilitation and Refurbishment Program, investing more than six million dollars to improve parks across all four City Council Districts. Approved by the Mayor and City Council on October 18, 2022, the program will replace, refurbish, and rehabilitate aging park infrastructure throughout the City.

Highlights of proposed park improvements include:

Court and Field Upgrades
Basketball and sport court resurfacing, construction of new pickleball courts, replacement and rehabilitation of ball field fencing and playing surfaces, and synthetic turf replacement

Play and Recreation Amenities
Playground equipment replacement, splash pad resurfacing and renovation, and replacement of picnic shelters

Park Furnishings and Fixtures
Upgrades to drinking fountains, BBQ grills, picnic tables, benches, and installation of new shade covers, windscreens, arbors, and pergolas

Structural and Surface Repairs
General fencing repairs, concrete repair and replacement, and parking lot resurfacing

Facility Improvements
Restroom renovations and additions, LED lighting upgrades and repairs, and drainage improvements with fencing installation

This investment reflects the City's ongoing commitment to maintaining high-quality parks that meet the needs of residents of all ages and abilities.

See project progress in the pages to follow!

PROJECTS BY DISTRICT (SUBJECT TO CHANGE)

DISTRICT 1

Adrienne Mitchell Park

Project	Status
New Tables Benches & Barbecues	**Completed**
New Restroom	*Coming Fall 2026*
Replace Basketball Court Posts, Nets & Backboards	*Coming Soon*
